Executive Summary

Senior IT Project and Programme Manager with **25+ years of experience delivering enterprise-scale digital transformation programmes** across government, defence, healthcare, finance, and legal sectors.

Holding **Enhanced SC and DBS clearance**, I specialise in delivering **cyber security programmes, cloud adoption strategies, infrastructure modernisation and workplace transformation**.

I have successfully delivered **multimillion-pound programmes impacting up to 126,000 users globally**, combining strong governance, stakeholder leadership, and deep technical awareness.

Key organisations include:

- NHS England
- HSBC
- Ministry of Defence
- Metropolitan Police
- DWP
- Latham & Watkins
- Linklaters
- Telefónica

Core Capabilities

Cyber Security Programmes

CAF framework, IAM, MFA, CyberArk, Splunk, identity security, secure backup architecture.

Cloud Transformation

Azure, AWS, Entra, Intune, Autopilot, enterprise cloud adoption frameworks.

Workplace Transformation

Windows 10 / Windows 11 migration, Microsoft Teams Rooms, device estate modernisation.

Programme & PMO Leadership

Governance frameworks, RAID management, financial oversight, reporting and delivery assurance.

Service Transition

ITIL service design, service onboarding, ServiceNow integration and managed service transitions.

Consulting & Pre-Sales

Tender responses, solution architecture alignment, cost modelling, Statements of Work (SOW).

Key Programmes

NHS England Cyber Security Programme

Senior Project Manager / Director

Delivered a full **cyber-security uplift aligned to the Cyber Assessment Framework (CAF)**.

Key technologies delivered:

- Microsoft MFA
- Identity and Access Management
- CyberArk privileged access management
- Splunk SIEM
- Azure security platform
- Entra identity
- Intune device security
- Secure enterprise backup architecture

Outcome

- Significantly strengthened organisational cyber resilience
- Enabled scalable security operations aligned to CAF compliance

---

Dounreay Nuclear Programme

Senior Project Manager / PMO Manager – Roc Technologies

Led PMO governance and delivery assurance across critical infrastructure programmes.

Key initiatives:

- Hardened server infrastructure deployments
- Domino platform upgrades
- Nutanix storage transformation
- Critical application migrations
- University network infrastructure refresh
- MFA deployment for Luton Airport

Outcome

Improved infrastructure resilience and delivery predictability across high-security environments.

Global Service Transition Programmes

Senior Service Transition Project Manager – Version One

Transitioned complex enterprise programmes into operational managed services.

Responsibilities:

- ITIL process integration
- Service design documentation
- ServiceNow ITSM implementation
- Knowledge transfer and training programmes

Outcome

- Reduced early-life incidents

- Improved service adoption and operational stability

Global Transformation Programmes

Senior Project Manager – Computacenter

Delivered multiple global enterprise transformation initiatives.

Examples:

- Windows 10 transformation – **32,000 devices**
- Windows 11 rollout – **46,000 HSBC users**
- Nationwide transformation – **126,000 Tesco devices**
- Global managed service transition – **25,000 Synchrony users**
- Azure and AWS enterprise deployments
- Intune and Autopilot global device management rollout

Outcome

Consistent delivery of **large-scale enterprise programmes across global organisations.**
