

TIM WILLIAMS

eSC / Enhanced DBS-Cleared Senior IT Programme & Project Manager

Halesowen / Birmingham, UK • 07801 453322 • timwilliams07@outlook.com • [LinkedIn](#) • [Portfolio](#)

EXECUTIVE SUMMARY

eSC / eDBS-cleared Senior IT Programme & Project Manager with 25+ years delivering large-scale infrastructure modernisation, workplace transformation, cloud adoption and cyber-security uplift across government, defence, healthcare, finance and legal sectors. Proven at stabilising high-risk, regulated environments through structured governance, commercial control and predictable delivery. Microsoft-aligned specialist across Azure, Entra, Intune, Autopilot, Teams Rooms and ServiceNow, with deep experience in identity modernisation, endpoint security and cloud-first operating models. Recognised for C-suite engagement, multi-supplier orchestration and delivery discipline.

SIGNATURE ACHIEVEMENTS

- Delivered enterprise Windows 10/11 transformations: 126k devices (Tesco), 46k (HSBC), 32k (NFUM), 15k (Linklaters).
- Led NHS England's £18m Cyber Security Programme across MFA, IAM, CyberArk, Splunk, Azure, Entra, Intune, IPAM, SSO and secure backup, aligned to CAF.
- Directed PMO governance across a £122m IT portfolio, improving delivery predictability, RAID maturity, reporting quality and commercial control.
- Delivered global managed-service transitions for 25,000 users across the US, India and the Philippines.
- Built and recovered PMO services for government, defence and financial clients, including greenfield PMO setup and end-to-end recovery.
- Delivered infrastructure modernisation spanning network refresh, hardened server builds, Nutanix storage, data-centre moves and Teams Rooms.

CORE SKILLS

Cyber Security & Identity: CAF uplift, IAM, MFA, CyberArk, Splunk, secure backup, Entra ID, SSO, Conditional Access, privileged access.

Cloud, Workplace & Infrastructure: Azure/AWS, tenant migrations, Intune, Autopilot, Windows 10/11, Teams Rooms, endpoint security, networks, servers, Nutanix, data-centres.

Programme, Project & PMO Leadership: Governance, RAID, reporting, financial control, CSI, £100m+ PMO setup/optimisation, matrix leadership, AI-enabled delivery, Microsoft PPM, Power Apps.

Stakeholder Leadership: Executive alignment, multi-supplier orchestration, rapid decision cycles, conflict resolution and high-pressure programme stabilisation.

Delivery Methods & Tooling: Agile, Waterfall, Scrum, Kanban, SAFe, MS Project, Planner, Jira, Atlassian, ServiceNow SPM, HubSpot, Primavera P6, SOWs, cost models.

Service Management: ITIL, ITSM, ServiceNow, Remedy, service design, transition documentation, BAU transition, ISO 27001/9001, SOX and offshore resource management.

PROFESSIONAL EXPERIENCE

Senior Project Manager – NHS England (Freelance) | 11/2025 – 02/2026

Led NHS England's £18m Cyber Security Programme, delivering a full CAF-aligned uplift across identity, access, endpoint security and cloud controls in a highly regulated environment.

- Delivered enterprise identity and access modernisation across MFA, IAM, CyberArk, Splunk, Azure, Entra, Intune, IPAM, SSO and secure backup.
- Established structured governance, assurance evidence and stakeholder alignment across clinical, operational, technical and supplier teams.
- Strengthened cyber posture and operational resilience while establishing a scalable, cloud-aligned security foundation.

Senior Project Manager / PMO Manager – Roc Technologies | 07/2025 – 10/2025

Led PMO governance and delivery assurance across a £122m IT portfolio for Dounreay Nuclear, overseeing cyber, workplace, network and managed-service initiatives in a safety-critical environment.

- Oversaw a £3.6m PMO contract and £122m portfolio, improving delivery predictability, RAID maturity, reporting quality and executive visibility.
- Delivered MFA for Luton Airport, a university-wide network refresh and ServiceNow MSP rollout.
- Strengthened commercial control across POs, SOWs, change processes and multi-supplier delivery.

Senior Service Transition Project Manager – Version One | 12/2024 – 07/2025

Led end-to-end service transition for major programmes, ensuring seamless handover into BAU across complex multi-supplier environments.

- Embedded ITSM processes, service designs, knowledge-transfer plans, ServiceNow integration and operational readiness.
- Improved incident routing and operational visibility while reducing early-life incidents and strengthening service stability.
- Coordinated transition governance, acceptance criteria, documentation, risk management and stakeholder alignment.

Senior Project Manager / PMO Manager / Bid Manager – Computacenter | 07/2013 – 09/2024

Delivered global workplace, cloud, cyber-security and infrastructure programmes across estates of 15k–126k devices for major public-sector and financial clients including FCDO, DWP, MET, MoD, HSBC, NFUM, Linklaters and Eversheds.

- Directed global Windows 10/11 programmes for Tesco (126k), HSBC (46k), NFUM (32k) and Linklaters (15k), modernising workplace estates and strengthening endpoint security.
- Designed, implemented and matured PMO services for FCDO, DWP, MET and MoD, embedding governance, assurance, RAID, reporting and commercial controls.
- Led multi-region delivery across the UK, Europe, APAC and USA using virtual/matrix teams across workplace, cloud, cyber and infrastructure.
- Delivered network refreshes, hardened server builds, Nutanix upgrades, data-centre migrations, Teams Rooms and enterprise device refresh programmes.
- Supported pre-sales and bid management through SOWs, cost models, tender responses and third-party engagement; stabilised high-risk programmes through stronger governance and predictable delivery.

Project Manager – TrustMarq / Capita / Trinity Expert Systems / Liberata | 01/2006 – 06/2013

Delivered secure infrastructure and application modernisation for Financial Services clients.
