TIM WILLIAMS

eSC / Enhanced DBS-Cleared Senior IT Programme & Project Manager

Halesowen / Birmingham, UK • 07801 453322 • timwilliams07@outlook.com • LinkedIn • Portfolio

EXECUTIVE SUMMARY

eSC / eDBS-cleared Senior IT Programme & Project Manager with 25+ years delivering large-scale infrastructure modernisation, workplace transformation, cloud adoption and cyber-security uplift across government, defence, healthcare, finance and legal sectors. Provides cross-functional leadership across UK, Europe, APAC and US delivery landscapes, with a proven record of stabilising high-risk, regulated environments through structured governance, commercial control and predictable delivery. Microsoft-aligned specialist across Azure, Entra, Intune, Autopilot, Teams Rooms and ServiceNow, with deep experience in identity modernisation, endpoint security and cloud-first operating models. Recognised for C-suite engagement, multi-supplier orchestration and delivery discipline.

SIGNATURE ACHIEVEMENTS

- Delivered enterprise Windows 10/11 transformations: 126k devices (Tesco), 46k (HSBC), 32k (NFUM), 15k (Linklaters).
- Led NHS England's £18m Cyber Security Programme across MFA, IAM, CyberArk, Splunk, Azure, Entra, Intune, IPAM, SSO and secure backup, aligned to CAF.
- Directed PMO governance across a £122m IT portfolio, improving delivery predictability, RAID maturity, reporting quality and commercial control.
- Delivered global managed-service transitions for 25,000 users across the US, India and the Philippines.
- Built and recovered PMO services for government, defence and financial clients, including greenfield PMO setup and end-to-end recovery.
- Delivered infrastructure modernisation spanning network refresh, hardened server builds, Nutanix storage, data-centre moves and Teams Rooms.
- Led the turnaround of a failing client PMO service into a trusted and efficient service, and the evergreen implementation of a new Central European PMO service offering for multiple clients.
- Created and published a PMO leadership course for OpenLearn (The Open University); designed and built a professional CPD development platform and a professional portfolio application.

PROFESSIONAL EXPERIENCE

Owner, Designer & Developer – CPD Professional Development Platform – Tim Williams Consulting (Part-time) | 09/2026 – 10/2026

Designed and developed a professional CPD tracking platform, delivered alongside consulting work (EMEA).

Senior Project Manager / Technical Lead – NHS England (Freelance, Part-time) | 11/2025 – 02/2026

Executive Director / Technical Delivery Consultant & Manager, Tim Williams Consulting Ltd. Led NHS England's £18m Cyber Security Programme, delivering a CAF-aligned (Cyber Assessment Framework) uplift across identity, access, endpoint security and cloud controls in a highly regulated environment.

- Delivered discovery, assessment, recommendations, design and implementation services across Microsoft MFA, IAM, CyberArk, Splunk, Azure, Entra, Intune/endpoint management, IPAM, SSO and secure backup.
- Established structured governance, assurance evidence and stakeholder alignment across clinical, operational, technical and supplier teams.
- Strengthened cyber posture and operational resilience while establishing a scalable, cloud-aligned security foundation.

Senior Project Manager / PMO Manager – Roc Technologies | 07/2025 – 10/2025

Managed medium to large IT projects across multiple industries and oversaw governance and delivery assurance across a £3.6m PMO contract and a £122m IT portfolio for Dounreay Nuclear.

- PMO management of the Dounreay Nuclear account, improving delivery predictability, governance maturity and RAID, reporting and commercial control.
- Delivered MFA for Luton Airport, a core network refresh for Newcastle University and a ServiceNow MSP rollout, accelerating adoption of secure, modern infrastructure.
- Line management responsibility for project resources.

Service Transition Project Manager – Version One | 11/2024 – 07/2025

Managed the transition of professional services and in-life contractual service projects from delivery teams into managed service teams, ensuring seamless handover into BAU support.

- Covered service take-on, knowledge transfer and training, service design, user adoption, service readiness and business communication.
- Managed ITSM processes, service designs, KT plans and ServiceNow integration, reducing early-life incidents and improving service stability.

Computacenter | 06/2012 – 11/2024

Senior Professional Services Project Manager / Pre-Sales Engagement Lead | *10/2017 – 11/2024*

Delivered software, infrastructure, workplace and transition projects including Cyber, MFA, Intune, AWS and Azure for NFUM, FCDO, HSBC, MET Police, MoD, NHS, DWP and universities.

- Pre-sales PMO Manager; PMO Manager for Belgium (NFUM & FCO); PMO Manager for GIS (Global Infrastructure Services) technical delivery.

Programme Management Office Manager | *07/2013 – 09/2024*

Delivered global workplace, cloud and infrastructure programmes across estates of 15k–126k devices, enabling cloud-first operating models.

- Directed Windows 10/11 programmes for Tesco (126k), HSBC (46k), NFUM (32k) and Linklaters (15k).
- Designed, implemented, led and continuously matured PMO services for FCDO, DWP, MET, MoD, HSBC, NFUM and Eversheds.
- Supported pre-sales with tenders, SOWs, cost models and third-party engagement.

PMO Manager | *08/2015 – 08/2024*

Managed customer accounts including NFUM, FCDO and Eversheds, and Computacenter's internal Belgium PMO service, covering matrix management, portfolio dependency and RAID management, P&L, customer satisfaction, CSI, governance and assurance, resource and financial management, pipeline management, team leadership and development, and stakeholder management.

Internal Initiative & Innovation Lead | *09/2015 – 01/2024*

Part of an internal team identifying, designing and implementing improvements to delivery methodologies, processes, tools and templates, and providing governance and assurance to in-flight projects. Represented the UK Professional Services Project Management community on the company-wide Employee Forum Team.

Transition & Transformation Project Manager (secondment) | *08/2018 – 10/2019*

Seconded into the Managed Services business to manage and deliver transition and transformation projects for existing clients and new business take-ons.

ServiceNow Project Manager (secondment) | *06/2016 – 08/2017*

Seconded to the ServiceNow Development and ITSM integration team.

Project Manager (PM2) | *2014 – 2017*

Professional services project delivery, pre-sales, transition and transformation; PMO Manager for Eversheds and FCDO.

Project Manager (PM1) | *06/2012 – 2014*

Project delivery within Computacenter Professional Services.

Project Manager – Capita (formerly Trustmarque and Liberata) | 07/2011 – 07/2012

Project management of infrastructure and software development projects for customers including Admin RE, Windsor Life, Norwich Union, AXA and the Phoenix Group (Coventry).

Project Manager – Trustmarque | 2006 – 07/2011

Project management of infrastructure and software development projects for customers including Admin RE, Windsor Life, Norwich Union, AXA and the Phoenix Group (Birmingham).

IT Manager – Jaguar Land Rover | 2005 – 2006
Managed JLR infrastructure and e-learning products (Birmingham).

Project Manager / Technical Consultant – Trustmarque (formerly Trinity Expert Systems) | 10/2004 – 10/2005
Infrastructure, virtualisation and software development project manager for Life and Pensions, Banking and Insurance clients (Telford).

2nd Line Technical Analyst – BT Group (BT Expedite, formerly NSB Retail Systems) | 2002 – 2004
Front-office EPOS/POS support covering technical support, maintenance and upgrades; back-office support (SQL, MS DOS, NT4) for retail customers including Fenwicks, House of Fraser and Selfridges; on-call and out-of-hours support (Birmingham).

Technical Analyst – Capgemini | 2001 – 2002
1st and 2nd line support for the internal Capgemini Service Desk (Birmingham).
